

**Mechanical and Aerospace Engineering Department
University of Texas at Arlington
Introduction to Robotics – ME 5337
Homework # 3**

Due Date: Third class meeting from assigned date

Problem 1: 3-Link Planar Manipulator

Problem 2: 2-Link Cartesian Manipulator

Problem 3: Cylindrical 3D Manipulator

Problem 4: 2-Link Planar Manipulator

Problem 5: 3-D Manipulator

Problem 6: Planar w/Bent Link

For the above Mechanisms:

- a) Assign Frames
- b) Set Up D-H table
